The Asia Turbomachinery and Pump Symposium (ATPS) is the ideal training and networking opportunity for professionals in both pump and turbomachinery industries, especially for those interested in the fastest growing market for energy, oil and gas, and manufacturing – Asia.

ATPS 2016 was held February 22-26, 2016 at the world-class Marina Bay Sands in Singapore. ATPS 2018 will take place March 12-18, 2018 at the Suntec Convention Center, Singapore. ATPS builds on the outstanding success of the longstanding Turbomachinery and Pump Symposia in Houston, featuring a uniquely crafted technical program and exhibit hall.
